Mr. Gopalachar seeks the sanction of Govt to the revised estimate which increases the cost by Rs 1273 this whole amount being payable by Govt. The original design and estimate was sanctioned by Govt on the approval of the chief Engineer and the proper course for Mr. Gopal char to have adopted is thus. sought. the sanction of Govt before proceeding to alter in his own discretion the design of the building. It is also stated that there are some changes in the rates accepted. No reason whatever has been assigned why this change was necessary nor has Mr. Gopalachar indicated in what respects there has been change

Again in the Govt order sanctioning the estimate the Dy Const was to supervise the construction and accordingly the present reference should have come from that officer

The procedure adopted in this case appears to be irregular, as pointed out by the Under Secretary. Mr. Gopalacharlu should have obtained the sanction of Government before altering the estimate on his ow responsibility. The revised estimate should have come up through the Deputy Commissioner and again, th Secretariat should have obtained the opinion of the Chief Engineer before the estimate was sent to me.

As, however, the excess involved is small ( Rs 1,273) and the First Councillor recommends the acceptance of the estimate and Mr. Gopalacharlu is importunate, the revised estimate may be sanctioned as a special case, after consulting the Chief Engineer un-officially that the estimate is fairly correct. Arrangements may then be made for placing the requisite funds at the credit of the institution.

The Deputy Commissioner should supervise the construction as already desired by Government.

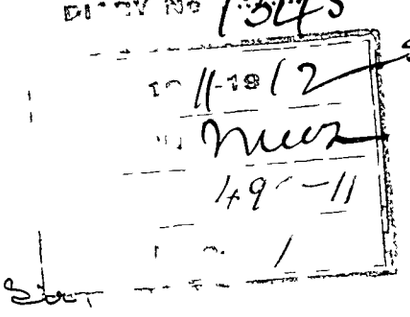
Dewan of Mysore.
Bangalore.



On the 19th of this month, I submitted to government, through the Muzrai Superintendent, a letter embodying my proposals, with reference to the construction of the orphanage attached to the Srinivasa Mandiram, Bangalore, the funds for which were sanctioned by the Proceedings of government Nos. 2038-40 Muzi: 319-09-3 dated 12th February 1910.

In continuation of the said letter I beg to submit the following additional circumstances which have since transpired.

His Highness the yuvaraja Bahadur of

of Mysore, was pleased to pay a visit to the Mandiram, on the 22nd instant, with Col: Jones. After inspecting the Oriental and Mixed Library the Mandiram, and the Site, and the old buildin on which the proposed orphanage is to be built with the Sketch thereof, they very strongly express that the plan and Specification of the propose building, showed defective ventilation and drainag on the Southern Side, and that unless the house adjoining the Site on that Side be acquired, and the building moved a little to the South, with a number of windows opened on that Side, the building would not meet the requirements of Sanitation. They further suggested to me, the advisability of applying to Government, for the acquisition of the said house. I have therefore to request that the Government will be graciously pleased to acquire the house described below, for the purpose of the orphanage building.

The boundaries of the house to be acquired are :—

To the East: Conservancy Road running behind the Srinivasa Mandira

To the West: Srinivasa Mandiram Road;

To the North: Srinivasa Mandiram and the Building Site of the Orphanage;

To the South: The late Mr. Advocate Ranjundappa's house.

The house situated with in these limits. It fetches now a rent of Rs 12/- per month, as I am informed.

Owner: Mr. C. Suryanarayana Rao. Personal clerk to the Senior Councillor.

I beg [illegible] to remain,

Sir,

your most obedient Servt

C. Gopalakrishna.

Sir,

With reference to your Office Memorandum No.2406/490-11-2 dated the 13th April 1912, forwarding for report the petition of Mr.A.Gopalacharlu, Secretary Sreenivasa Mandiram Charities, praying that a house may be acquired by Government for the improvement of the orphanage(attached to the Sreenivasa Mandiram and charities)proposed to be constructed, I have the honor to state that the house in question bearing door No.2/12 is situated on the Sreenivasa Mandiram Road in the Balepet, Bangalore City and belongs to Mr.B.C.Krishna Sastri. According to the measurements shown in the statement submitted by the Amildar of Bangalore -- Taluk, the house consists of 1309 sq ft. of open ground and 1236 sq.ft. of terraced and tiled building. The Panchayetdars state in the Mahajar that the house being situated in an important -- centre of the City is worth Rs.6500/-.

2. The Amildar has submitted a valuation statement in detail for Rs.6476-0-0.

3. Mr.Suryanarayana Sastri the borther of the owner claims -- Rs.7500/- as compensation for the house.

4. As the sum of Rs.3475/- sanctioned in para 2 of Government order No.80/Muz.F.456-11-6 dated the 24th July 1912, together -- with the contribution of Rs.5000/- promised by His Highness the Yuvaraja of Mysore, will be fully required for the construction of the orphanage as per sanctioned estimate, it is not known from what funds the cost of the acquisition of the house is to be met.

If the acquisition of the house is considered necessary and the funds are available I beg to state that the enclosed declaration statements may be caused to be published in the official Gazette.

The petition received with the above together with the file of Vernacular correspondence ending the Bangalore Taluk Amildar's report No.15 dated the 11th July 1912 is herewith submitted for reference.

I have the honor to be

Sir,

Your most obedient servant.

Sir,

With regard to the proposed acquisition of my house situated in Balepet for the benefit of the Srinivasa Mandiram Orphanage I see that the property is already estimated at Rs 6500/- by Panchayets. As the values of houses in that locality is high and the actual construction of the my house cost me much I cannot agree to part with it for less than Rs 7500/-. Moreover the house being ancestral I had no intension of selling it at all.

If Government desire to acquire it at the value set by me, I shall give

(5)

intimation to my tenant who is now occupying the house to vacate it as early as possible.

My brother Mr B. S. Krishnaswamy Sastri agrees to what I have written.

Sir,

In acknowledging with thanks the receipt of Government Proceedings No 80-2 Muzy Jr 456-11-6 dated, Bangalore, 24th July 1912, I beg to express my great gratitude and indebtedness to Government for the kindness it has extended to the Sreenivas Mandiram. This brings mine & my wife's labours to a stage, at which We are to work more energiticaley and assiduously. The responsibility is indeed very heavy. The only question that remains to be settled is the acquisition of the house noted in Para 3 of Government Proceedings quoted above.

Seeing

Seeing that this will take some more time for its settlement, we have thought it better in the interests of the Institution to begin the sanctioned work at once, instead of waiting any further which would only cause delay in the execution of the work for which we are supplied with funds. These circumstances I mentioned to His Highness the Yuvaraj Bahadur, and he has graciously consented to lay the foundation-stone on any day that may be fixed. This pleasant function shall have to take place in the course of a couple of month and meanwhile, it is absolutely necessary that arrangements should be made to collect building materials, etc, to some extent, so that we may not be hampered as we proceed with the work

The Officiating Secretary to the

Sir,

With reference to your letter No 425 Mug Fr 490-11-4, dated the 16th September 1912, informing me that the Government would be prepared to take further proceedings for acquiring the house to the south of site on which the orphanage is to be built, on my finding the necessary funds of Rs 7500/- and placing the same with the Government, and calling upon me for an early reply, I beg

to

to Submit the following for the kind Consideration of Government.

2 The Strenuous efforts made by me for five long years to raise funds for building the orphanage proved ineffectual till His Highness the Yuvaraja taking pity upon the orphans who were suffering great inconvenience for want of accom-modation in the Mandiram, graciously came forward to Contribute Rs 5000/- to supplement the Government grant of a like Sum for the purpose. When I was young and had strength and vigour enough to travel about India and plead my Cause, the matter was different in collecting funds for the Mandiram, but from my present experience and the

times

lines people are facing, I am compelled to state that there is no prospect of my raising the whole or any portion of the said sum of Rs 7500/- within any reasonable time.

3 I have been given to understand that the house (whose tracing I am submitting herewith to enable the Government to note the site and the various kinds of structures standing on it) in question was estimated at Rs 6500/- by the authorities concerned, and the owners demanding a thousand more, that is Rs 7500/-. The house in question forms the middle one-third portion of the family house of the claimant. The northern one-third portion of the same (a bit larger) which went to the share of his cousin or partner

was

was acquired by Government for the orphanage for Rs 2300/-. The Southern one-third was sold to a private party for Rs 1500/-. On account of some improvement made by the claimant, the house now fetches a monthly rent of Rs 11/- only. This Amount capitalised at 25 years purchase yields Rs 3300/-. Thus the claim of Rs 7500/- is indeed enormous and prohibitory. In these circumstances, I pray that the Government will be pleased to reconsider the matter and acquire the house for the orphanage.

4 If this request cannot be granted, I have to submit the following qualified proposal. - A portion of vacant land and the tiled house adjoining the orphanage,

shown

shown by a red line in the tracing mentioned above, measuring about 46 feet by 16 feet towards the east and 41 feet by 4 feet towards the west, if acquired, will be sufficient to open out windows and provide air space & drainage etc, It was this fact that made Col. Jones and His Highness the Yuvaraja to suggest the acquisition of the house in question. This acquisition will not inconvenience the owner of the house. Besides there is a bit of open municipal ground to the south west of the house measuring 10 feet by 17½ feet. If this is acquired the house will be a perfect square, having no unequal portions. I earnestly pray that the Government

will

will be pleased to acquire this portion, at least, of the house in question and thus secure a great convenience to the permanent structure of the orphanage building, whose work we are to begin almost immediately.

Sir, With reference to your docket No: 580 / Muz: 490-11-9 dated the 15th November 1912, forwarding for report and opinion the petition of Mr. Gopalacharlu, Manager of the Srinivasa Mandiram and Charities, in the matter of the grant of advance for the construction of the Orphanage sanctioned in Government Order No: 80 / Muz: 7456-11-6 dated the 24th July 1912, I have the honor to state that Mr. Gopalacharlu desires to get the money in advance, to enable him to get the work done as early as possible, by making prompt payments to the Contractor, as the work progresses.

But from his letter dated the 25th November (copy enclosed), it appears that he has received the contribution of Rs: 5,000/- granted by H. H. The Yuvaraja of Mysore.

When

a large sum is available with him, and in view of the reported fact that the Contractor is a respectable and well-to-do man, there appears to be no necessity for payment in advance of the amount sanctioned by Government.

There is, however, no objection to send up bills as work progresses and there seems to be no urgent necessity to advance any more funds to M/s. Gopalachar, till work to the extent of the donation amount is carried out.

M/s. Gopalachar's application is herewith returned.

My dear Sir,

Today I was not able to see you at your office today. By the time I came, you were off. Then I drove to Mr. Ramaswamiah, Under Secretary. He said that he had asked your opinion in the matter of my advance application, and that he was expecting your reply. I then explained to him my situation, and how urgent was my need. The advance when paid, would be adjusted, when I submitted measurements and accounts. He asked me if I had received H. H. the Yuvaraja's donation, when I said I had received the same. He said that he had no objection whatever to pay the advance applied for, and that he will do so at once. I requested him to drop a D.O. to you immediately. He promised to do so by the evening.

I pray you will also do the needful, and see that I get the advance as early as practicable. I pray make the necessary recommendation & oblige.

Yours very Sincerely

Address by Rao Bahadur
Speech on the occasion,
cut from the Madras
Mail dt/ 28th January 13 Six,

In humbly submitting the revised plan and estimate of the Srinivasa Mandiram Orphanage to Government for their kind information, I beg to state that in obeying the instructions of Government conveyed to me in their Proceedings No. 2038-40 Muy 319-093 dated 12th February 1913 in obedience to the advice given me by His Highness the Yuvaraja Bahadur I had to alter the original

Pl. file

to some extent, the alteration simply being the shifting of the open space between the two blocks to one side, thus greatly facilitating free ventilation, proper drainage and other sanitary conditions of the premises as a covered corridor passage between the blocks. It was not possible to delay the work till the settlement of the question of acquisition of an adjoining house about which though there was some correspondence still it could not reach any finality, and in the interest of the institution I was advised to begin the work at once. Though the acquisition of the said house is a necessity, as explained already in my letter to Government and as clear from the enclosed plan of the entire Mandram Buildings, the same has to be put off for the present for reasons set for in para i

of my letter dated 15th May 1912 to the Dewan Sahaib of Mysore, a copy of which submitted to Government with my letter dated the 15th idem.

The cost of the bulding as per revised estimate will be about Rs 9,748/- against Rs 8,475/- according to the orginal estimate with only a slight increase in the cost on account of certain alterations stated already.

Before commencing the construction of the Orphanage a small building had to be erected at a cost of Rs 1000/- for accomodating the orphans as there was absolutely no lodging for them till the completion

of the permanent building This small structure, though meant to serve a temporary purpose would form a valuable addition to the Trivandrum buildings and will accomodate orphans when their strength increases

After the completion of the building it will have to be furnished in a humble manner for the convenience of the orphans and the probable cost of the furniture required is about Rs 800/-.

Besides the ceremony of Laying the Foundation Stone of the Orphanage by His Highness the Yuvaraja Bahadur, which formed part and parcel of the construction work, has cost Rs 500/- This was met partly from funds contributed by

by some gentlemen towards the Building fund and partly from other Sources.

The foundation and basement works are already over, and the superstructure is begun, and as such steel girders and other materials costing over Rs 1800/- have to be ordered for urgently with a view to push the work on to completion by the end of the current official year. Hence, I beg that the amount of Rs 5000/- very kindly promised by Government may be placed at my disposal immediately as

as otherwise the progress of the work will be greatly hampered. Besides this, other difficulties may creep in and prevent the completion of the work in the desired manner.

I beg leave to remain,

Sir,

Your most obedient Servant

# LAYING THE FOUNDATION STONE

## BANGALORE SRINIVASA MANDIRAM ORPHANAGE

**His Highness Sir Sree Kantirava Narasimharaja Wadiyar Bahadur, K.C.I.E.,**

YUVARAJA OF MYSORE.

YOUR HIGHNESS, LADIES AND GENTLEMEN,

It is with feelings of deep loyalty and gratitude that I humbly welcome Your Highness to perform the noble function of Laying the Foundation Stone of the Orphanage attached to the Srinivasa Mandiram and Charities. Before Your Highness condescends to lay the Foundation Stone, I most respectfully beg of Your Highness to allow me to submit a very brief account of the Orphanage itself.

When I was deputed as a relief Officer during the terrible famine of 1876—77, which devastated the whole country from one end of it to the other, I had opportunities of knowing what famine orphans are like. These were miserable creatures, the children of parents who had died of starvation, or who in the last extremity of hunger had deserted their offspring. They formed a collection of scarcely animate puny skeletons. The Government relief depots stood open day and night and the Government Officials contributed a fair crop of famished children every day. The Mission depots also took possession of a large number of them and some of these were given good training by them so as to make these waifs and strays of the famine, one of the pleasantest sights to see. Then the thought struck me whether I may not also put my shoulders to the wheel and do something in the way of relieving my poor and helpless fellow-beings to some extent. Accordingly, I waited for an opportunity, and Lord Srinivasa who is ever watchful over His creatures offered me one. His blessings came to me in the guise of a domestic affliction, and this formed the turning-point in the history of my life.

From this time the history of the Orphanage and the allied institutions is bound up with the history of my life. An old Muzrai Temple of God Vishnu, worshipped under the name of Bvatarayaswamy, was in a ruinous condition, and it somehow or other attracted my attention in 1883. I got possession of it, and with the help of the Lord, began to work out my thoughts regarding the Orphanage. The first thing I had to do was to put the Temple in order, so as to secure a neat habitation for the Orphanage and also to enable worshippers to have recourse to a Temple in the real sense of the word. With the object of collecting the required funds for the purpose, I travelled all over India for about 10 or 12 years, after entrusting the care of the Temple during the interval to some of its devotees. During my travels, a number of British Political Officers came to my assistance, and with their help most lovingly given, I had occasion to visit Hyderabad, Baroda and many other Native States, including Kathiawar, Cashmere, Nepal and the Panjab States, the leading Bengal States and the States of Travancore and Cochin. I then came in contact with His Highness the late lamented Nizam and with several Maharajas, Rajas, Zamindars and Nabobs. I was everywhere treated very kindly, and the Orphanage I intended to open in the Temple here, met with their genuine sympathy.

The Temple and the Library were completed by about 1888, and Orphans began to be secured from this time and were sheltered within the premises of the Temple itself for want of accommodation. Sir Sree Chamarajendra Wadiyar Bahadur, G.C.S.I., of blessed memory, helped the Temple, and the Orphanage, which yet had no habitation, with grants from the State as well as with funds to be raised by holding a public Lottery. Unfortunately, his sad and untimely demise put an end to the Lottery and the Orphanage could not benefit largely under it. However, with the short funds supplied by Government, helped on by public subscriptions, the Orphanage was maintained with great difficulty till 1905. In that year, our beloved Maharaja His Highness Sir Sree Krishnaraja Wadiyar Bahadur, G.C.S.I., paid a visit to the Temple and the Library. Inspired by His Highness' visit and by the traditions of the Mysore Royal House which is far-famed for its Charities, I approached our Government with a petition for a separate accommodation for the Orphans. The Government were graciously pleased to purchase two houses for the purpose in close proximity to the Temple, and the building for which your Highness is now about to lay the Foundation Stone is the site of the larger of those two houses. I am highly grateful to all who have so far helped the cause of the Orphans.

The number of Orphans of all castes sheltered up-to-date is 120. The Orphans are trained on the ennobling principles of Hindu Religion, and are taught some bread-winning occupation. They have become fitters, carpenters, rattan-workers, clerks, school-masters, drawing-masters, electricians, etc. The Orphanage is conducted on the principles of universal charity and on lines suited to these strenuous times and without distinction of sex or creed. At present there are on the rolls 21 Orphans—Brahmin and Non-Brahmin. All the Orphans generally

receive primary education with manual training and are sent out after they become majors. Their future has ever been a source of deep anxiety to me, and I have made arrangements to watch their career in life so that they may not be turned away from the path of rectitude. A short history of the Mandiram Orphans is under preparation and will be brought out early.

Many eminent men, who have paid visits to the Mandiram, have testified to the good work done there, and have also offered many suggestions for its improvement A most important suggestion is to have a commodious building for the Orphans, and this it has been possible to achieve through Your Highness' generosity and initiative During Your Highness' inspection of the Mandiram, the necessity for a larger building for the Orphans than the one now to be built was felt on sanitary grounds, and it was therefore thought that another adjoining building should also be acquired for the Orphanage This is still under the consideration of the Government, and I daresay that the Government will do all in their power to acquire at present at least so much of it as is required to make a square of the premises.

The plan of the building originally proposed to be built has had to be altered at the suggestion of Your Highness and of the Government, and with the help of the building grant of Rs 5,000/- sanctioned by the Government the work of construction will be pushed through rapidly. The building is under the able supervision of one of my best friends, who is well experienced in building work, and the Contractor Mr B. Hanumanthappa, who is an expert, is working whole-heartedly under him so as to see that the building is finished by the end of May 1913 I hope to locate the Orphans in the New Building in June or July next.

In order to complete the work, I am sure all the sums promised by the public of Bangalore and by others outside will be paid soon. The idea of relieving the poor and the helpless through establishing Orphanages is a new idea in our country now, and it will take time no doubt for it to spread among the people One or two of the rich and philanthrophic men of this great City and a few of my educated countrymen have largely encouraged me in maintaining the Orphanage which is the embodiment of that idea in practice But the majority of the more enlightened merchant princes of this great City have yet to be influenced by it And as the estimated cost of the building is very much more than Rs 10,000/- I am quite confident they will follow as far as they can Your Highness' noble example, and, with their spontaneous charity, bring about the fruition of my labour of love in the cause of the Orphans, which we all know is a national cause. I hope I shall not be induced to make another appeal.

To-day is a red-letter day in the annals of the Mandiram. But for Your Highness' kindness the Orphanage would not have secured a residential quarter in my life-time as I think. I most humbly tender my most loyal acknowledgements to Your Highness in the name of the Orphans and on behalf of all those who are interested in them

I feel grateful to our beloved Maharaja and the State for all their liberal grants for the Mandiram

I thank all the Ladies and Gentlemen who have helped the Mandiram in whatsoever way it may have been.

And now, I humbly request Your Highness to lay the Foundation Stone of the

THE YUVARAJ'S REPLY.

The Yuvaraj made the following reply :—

SIR HUGH DALY, LADIES AND GENTLEMEN,—You will all admit that Mr. A. Gopalacharlu has presented to us a concise and lucid account of the life history of the Srinivasa Mandiram and Charities, with which we in Bangalore are familiar. The institution, from its very inception to its completion owe, everything, if not a great deal, to the sustained efforts of a single devoted individual Mr. Gopalacharlu in the cause of benevolence. Happy indeed was his thought in associating our temple as a centre from which should radiate divine benevolence in practical forms of useful charities. Our temples are places of concrete worship where the rich and the poor go to make their offerings to the Almighty and invoke His blessings. Just imagine what a nice thing it would be if human ingenuity could devise some plan whereby the divine blessing could be brought to us in a substantial form, in addition to the usual "Floral Prasad," or priestly benediction. I mean, if the offerings, rich and poor, that are made in our temples, and the other usual grants they enjoy, could be used with discrimination and if a great portion of them i.e., the surplus of such gifts, could be utilised for purposes that would be a blessing to humanity as a whole, then would we be deserving of His true blessings ; because we all know that God helps only those who know how to help themselves. The Srinivasa Mandiram is one of those very few institutions that is working on these lines. It has many sided activities, it has catered to the wants of orphans, its free reading room and library offer knowledge to those who wish to seek it, and its premises provide a most popular rendezvous for our ladies for their social gatherings and discourses. What a happy picture does this institution present Our assembly here this morning is in connection with the inauguration of the construction of a building for the orphans of the Mandiram, and when we look around and see what facilities there exist in this direction in our community, we are ashamed to think that there are so few, and that the needy members of our community have very often to seek protection beyond their own pale. So need I say, gentlemen, what a useful purpose this Orphanage would be serving ? It is worthy of all public philanthropic support. It is a happy coincidence that this day of auspices to the Mandiram should also be a day of universal rejoicing throughout this land at the first public apearance of our beloved and heroic Viceroy, after the recent dastardly outrage on his life, and it is on such a doubly auspicious day that I have the pleasure to lay the foundation stone, which I trust before long will be supporting an edifice that will have its doors open, without the invidious distinction of caste or sect, to the needy children of our Hindu community, and thus bring Lord Srinivasa's blessings on them. (Cheers.)

The Yuvaraj then proceeded to the site of the foundation stone, where, after the priest had recited some *mantrams* and performed certain religious ceremonies, he laid the stone. All present were then garlanded and sprinkled with rose-water and the function terminated.

Sir,

In continuation of my letter dated 27th March 1913, Submitting a revised plan and estimate, &c. for the approval and kind of Government, I beg to bring to your notice the enclosed copy of a letter addressed by to the Deputy Commissioner, Bangalore the 31st of last month, i.e., March 1913

The necessary measurements of the work conducted up to date are being taken; and they would be submitted as soon

as soon as they are ready. Meanwhile, it would be a matter of great relief to me if the funds of the building grant are placed at my disposal without making me to wait for the completion of all formalities that should be undergone in the matter. The funds that I would be favoured with being only a grant, I assure the Government that I shall be responsible for every one as to how I spend it - all vouchers and bills will be submitted.

I beg leave to remain,

Sir,

The Mandiram transactions are not new to you, and, as such, I feel relieved of writing any lengthy letter. You remember that we had the ceremony of the laying of the Foundation Stone in January, and since then the work has progressed, and the foundations up to basement are all complete. The Superstructure is also proceeding. The new Structure for the immediate location of the Orphans is also complete with only flooring &c, remaining to be attended

to.

to. The boys are living here at present Some Talug offical has often attended the work, and, I do not know what reports and measurements he has submitted to you. All my resources are now nearly exhausted and if the buildi, grant sanctioned by Government is not immediately forthcoming, I am afraid the work will come to a stand-still, and I would be made heartless Aby friend Mr. B N Venkataramayya, B.a. Prospector, Geological Department has closely inspected the work and has checked all the measurements. I have paid the contractor Rs. 2000/- in advance and Rs 1000/- for the work carried out, and Rs 700/- for the building wherein the boys now stay. I had also to meet the large expences of the Foundation Ceremoney. Under these

circumstances

-ircumstances I beg you will kindly

Completeness

completeness of the building and the locality, and nothing else. I have now paid all possible attention to health consederations, spaciousness of the building, wider accomodation to the inmates, more ventilation and light, and provrding also conveniences for a bathroom and a laterine, &c;

Unfortunately, much attention was not paid to these very important points in the first plan and estimate submitted.

The work is rapidly progressing and the groundfloor is almost complete and we are to begin the roofing by laying the gurders. Hence, I feel the want of money very much. I beg the money may

be paid to in advance, and account taken from me afterwards, so that I may not be placed in a compromising position with the contractor and the public, if the work happens to be stopped for want of funds.

I beg leave to remain,

Sir,

Your most obedient Servant,

C. S. Charleston.
